If the candidate is not eligible under regulation 1 (a), (b) or (c) his application shall also be accompanied by the evidence required under regulation 1 (d).

3. The Professorial Board shall determine whether the application for registration and the proposed course shall be approved, and if so, shall determine the date of registration (which shall not be earlier than the commencement of the course by the candidate) and shall appoint a supervisor or supervisors, who shall be University teachers, one at least being a full-time university teacher.

4. A candidate shall pursue a course of full-time advanced study and research at the University, for a period of at least two years from the date of his registration, under the immediate supervision of the supervisor or supervisors, save that a period or periods of field work or extramural study may be approved under such conditions as the Professorial Board determines. This regulation shall come into force on the 1st day of January 1967.

NOTE: A course of full time advanced study and research means that

a candidate shall throughout the calendar year regard his Ph.D. work as his full time occupation provided that

(i) with the approval of his supervisor(s) and the Head of the Department a candidate may engage in other work relevant to his academic interests for an average of not more than six hours per week during any calendar year, and

(ii) a candidate may take such statutory, recreational and other holidays as are regarded as normal to a full time occupation.

6. The supervisor shall submit to the Professorial Board annual reports on the progress of the candidate. If progress is reported to be unsatisfactory Council may, on the recommendation of the Professorial Board, and subject to any submission or appeal a candidate may make on his own behalf, terminate the registration of the candidate.

7. Notwithstanding regulation 4, a full-time member of the academic staff of the University (not being the Head of a Department) may be registered as a candidate for the degree and shall pursue a course of advanced study and research at the University, for a period which shall, except in special circumstances to be determined by the Professorial Board, be of at least four years from the date of his registration, under the immediate supervision of the supervisor or supervisors.

8. When the candidate has completed his course he may at any time (subject to regulation 10 hereof) make application to the Registrar to be examined. The application shall be accompanied by (i) three copies of a thesis embodying the results of the candidate's research; (ii) a short abstract of the thesis; (iii) a certificate from the supervisor or supervisors that the candidate has pursued his course in accordance with the requirements of these regulations; (iv) the prescribed fee.

NOTE: A candidate shall communicate with his Supervisor before commencing work on his thesis, and must thereafter fulfil the requirements laid down by the Supervisor in respect of the work. See Examination Regulation 14.

report shall not consist exclusively of previously published work.

10. The thesis shall be presented within five years from the date of registration. This period may, however, at any time be extended by the Professorial Board.

11. The thesis shall be examined by three examiners, one of whom shall be the candidate's supervisor, or one of the supervisors, being a full-time university teacher (and hereinafter called the 'internal examiner'). If there is more than one supervisor, the additional supervisor or supervisors may assist the internal examiner in examining the thesis. The other two examiners (hereinafter called 'external examiners') shall normally be persons not on the staff of the Victoria University of Wellington.

12. A copy of the thesis shall be submitted to each examiner. Except where the Vice-Chancellor, acting on the advice of the examiners, otherwise authorises, the internal examiner and at least one external examiner shall examine the candidate orally on the subject of the thesis and on the general field to which the subject belongs. Any supervisor who is assisting the internal examiner may also participate in the oral examination. Save in exceptional circumstances the oral examination shall not be conducted until the internal examiner has received a report on the thesis from any external examiner who will not be present at the oral examination. At the request of the internal examiner and one external examiner the candidate may be required to present himself for a written examination. The three examiners shall, after consultation, make a report to the Registrar on the whole examination. If a thesis is approved for the award of the degree one copy shall be returned to the candidate and two copies deposited in the University Library. This regulation shall come into force on the 1st day of January 1967.

13. If the examiners consider that the thesis is not entirely suitable for acceptance for the degree they may recommend that it be returned to the candidate and that he be permitted to re-submit it at a later date. The fee for such re-submission shall be the same as the original examination fee.

14. In the case of a candidate who holds a Bachelor's degree and not a Master's Degree, the Professorial Board may, at any time before submission of the thesis, approve an application by the candidate or by his supervisor that the

candidate be registered for a Master's Degree instead of the Degree of Doctor of Philosophy (provided that this shall not apply in a subject where there is no provision for a thesis in the course of study for a Master's Degree). Such a candidate may then submit his thesis for a Master's degree and the thesis may be accepted in fulfilment of the requirements for that degree. Where registration is amended under this regulation the candidate shall not be liable for any additional fees nor entitled to any refund of fees.

9. A candidate shall not be enrolled in a Stage III unit involving practical work unless he has been credited with passes in at least five units, provided that, for the purpose of regulation 9 and notwithstanding anything contained in any other course regulation, a candidate shall be deemed to have passed in Stage I of any subject if he has been credited with a pass in Stage II of that subject.

[NOTE: He will not be credited with the Stage I unit—see regulations 22, 23 and 24.]

10. A candidate enrolled in a Stage III unit involving practical work shall not in the same year be enrolled in more than one other unit involving practical work.

(a) The thesis shall embody the results obtained by the candidate in an investigation in some branch of the subject. The thesis may be (i) a piece of original

work or (ii) a review of the literature of some special problem together with the repetition of some standard investigation on an aspect of this problem.

NOTE: A candidate shall communicate with his Supervisor before commencing work on his thesis, and must thereafter fulfil the requirements laid down by the Supervisor in respect of the work. See Examination Regulation 14.

(b) The candidate shall present his thesis in the year in which he sits the papers or in one of the next three succeeding years, but this period may at any time in special cases be extended by the Professorial Board. Notwithstanding the foregoing provision a candidate who has passed the papers but has not presented his thesis on 1 January, 1963, shall present his thesis not later than 1 January, 1966, but this period may at any time in special cases be extended by the Professorial Board.

No student should contemplate Honours in English in one year unless he is devoting his full time to University studies. Part-time students are recommended to spread the course over two years.

Attention is drawn to the prerequisites specified in the Course regulations for M.A. with Honours in Language and Literature. In framing a B.A. course a prospective Honours candidate should regard the one-unit foreign language prerequisite as a minimum requirement only. ENGLISH LANGUAGE INSTITUTE

Mr George
Professor I. A. Gordon *Mr Smith*
Mrs Woolston *Mr Fountain* *Mrs Barnard*
Dr McEldowney *Mr Nation*

The Institute offers two courses, mainly for Colombo Plan Scholarship holders. Before enrolment, overseas students need to have studied English for at least ten years in primary and secondary institutions, or six years in secondary institutions.

PROFICIENCY COURSE

This intensive 12-week course is offered to students who intend following courses at New Zealand Universities or other educational institutions. It usually runs from November to February.

Daily tutorials and Language Laboratory sessions support lectures and lessons, and regular written work is required. In the later weeks of the course, attention is given to a general abstract vocabulary applicable in all fields of university study.

Students who achieve a satisfactory standard of comprehension and production of spoken and written English are awarded the Certificate of Proficiency in English.

DIPLOMA COURSE

The diploma course runs from March to October, its duration being one academic session, and it is intended mainly for teachers from South-East Asia and the Pacific Islands, who have had at least two years' experience in teaching English, and expect to teach English on their return to their home country.

For the award of the Diploma, a good professional standard of comprehension and production of spoken and written English is the first requirement, and daily practice sessions in the Language Laboratory and classes constitute a fundamental and for many students a major part of the course.

The second requirement is a straight-forward, adequate knowledge of the main theoretical aspects of language study, an understanding of their relevance to the study of English, and an understanding of their application to the teaching of English. Lectures, tutorial classes and reading assignments in this study constitute the second part of the course.

A good professional standard of teaching is required. Lectures on Teaching Methods, and associated observation and practice of teaching skills constitute the third part of the course. It is followed by attendance at courses in New Zealand Teachers' Colleges, and observation and practice in New Zealand schools.

There is opportunity for optional individual or group work, in the study of literary texts or in language study, for students who are capable of undertaking it, and additional short courses may be available.

Successful students are awarded the Diploma in the Teaching of English as a Second Language.

DEPARTMENT OF HISTORY

Professor Wood (Head of Department)

Professor Munz

Mrs Boyd Dr T. H. Beaglehole Dr Khan

Miss Halberstam Mrs Hughes Miss Crozier

Mr Coleman Mrs Blackstock

Courses at all stages are planned on the assumption that a reasonable standard of preliminary reading has been reached. Students are expected to collect reading lists for succeeding sessions, with advice for reading during the long vacation, from members of staff as soon as final examinations for the year are over.

HISTORY IA: 3571, 3572

HISTORY IB: 3581, 3582

ASIAN HISTORY I: 3591, 3592

PRESCRIPTIONS:

OPTION A: 3571, 3572: Outline of the history of European civilization.

OPTION B: 3581, 3582: Aspects of Modern History since 1815.

OPTION C: 3591, 3592: Asian History I: Outline of the Civilizations of Asia.

The work of these classes comprises:

(1) *Option A*: a general course of lectures mainly on mediaeval Europe, including England.

Option B: a general course of lectures covering some of the main trends and problems in modern history, with special attention to Europe, Asia and North America.

Option C: a general course of lectures on Asian History.

(2) essay and seminar work, which are an essential part of these courses. Topics for special study will be announced from time to time.

All courses are planned on the assumption that students have a reasonable background of knowledge before the session begins. Vacation reading of a character preparatory to University work is therefore strongly recommended.

Students are advised to procure some good general survey for the first part of the course. For Option A, Davis, *History of Medieval Europe*, and Sayles, *Medieval Foundations of England*, are especially recommended; and for Option B, Thomson, *Europe since Napoleon*. It is extremely important, however, that such books should be supplemented by wider

reading. Students and prospective students are urged to communicate with the Department for further particulars and for reading lists.

Students are recommended to take Option A before studying History II; Options B and C, however, will also be accepted as qualifying for entry to History II.

Options A, B and C may all be counted as units towards a B.A. degree, subject to the approval of individual courses in all cases.

HISTORY II: 3611, 3612

PRESCRIPTION:

3611, 3612 Early modern history.

Lectures will be supplemented by essay and seminar work, which form a substantial part of the course.

Vacation reading is strongly recommended in preparation for the course.

Topics for detailed study will include the following:

(1) Early modern Europe from the Renaissance to about 1603.

(2) The history of England in the 17th and 18th Centuries.

Additional optional topics may be announced from time to time.

Detailed reading lists and further particulars may be obtained from the Department.

3663 Special topic.

OPTION B:

3681 New Zealand and the Outside World.

3682 A topic in African History.

3683 The history of modern India.

With the permission of the Professor, a paper from Option A may be substituted for one from Option B, and vice-versa, provided that no paper may be offered twice.

Subject to the permission of the Professors of Economics and of History, paper 2338, Economic History, may be substituted for one of the papers in either of Option A and B.

A pass in Economic History II is normally a prerequisite for paper 2338.

For 1968, the topic for paper 3662 will be English society and politics since 1780; and for paper 3682, West African History.

Options A and B may both be counted as units in a B.A. degree, subject to approval of individual courses in each case.

The course will be planned on the assumption that every member of the class has a reasonable background of historical knowledge, with particular reference to the period since the French Revolution. Students are therefore strongly advised to undertake systematic reading before the opening of the academic year.

During the session special study will be required of specified topics.

Lectures will be supplemented by essays and seminar work, which form a substantial part of the course.

Reading lists and further particulars may be obtained from the Department.

HISTORY FOR B.A. WITH HONOURS (Four Papers)

Students are strongly advised to discuss their courses with the Professor in good time, for planned preparatory reading is particularly important at this stage. Further particulars as to courses and reading lists both for background preparation and for the various courses are available from the Department.

So far as possible the class will be organised as a seminar and hours will be arranged at the beginning of each session.

A short course will be given early in the session on the nature and problems of historical thinking, and on historical

method and writing, with special reference to thesis work. All students are expected to attend this class, and should become familiar with such books as Collingwood, *The Idea of History* OR *Autobiography*; Bloch, *The Historian's Craft*; Hancock, *Country and Calling*; Walsh, *Introduction to the Study of History*. FACULTY OF LAW

BACHELOR OF LAWS (LL.B.); BACHELOR OF LAWS WITH HONOURS (LL.B. (HONS.)); MASTER OF LAWS AND HONOURS IN LAW (LL.M.); AND PROFESSIONAL EXAMINATIONS IN LAW

In April 1966 the Council of Legal Education agreed on new regulations for the professional examinations in law. These regulations, which are to be found in the 1968 University Grants Committee Handbook, came into force on 1 January 1967. The new professional regulations resulted in a revision of the Victoria University of Wellington LL.B. degree regulations. An LL.B. Honours degree was also introduced in 1967.

The new course regulations governing the degrees of LL.B., LL.B. (Hons.) and LL.M. are set out elsewhere in this Part of the Calendar. Subjects for the LL.B. and LL.B. (Hons.) degrees must be taken in the order in which they appear in the course regulations unless special exemption is obtained.

Changes in New Course

The main changes introduced by the new Professional and Degree Regulations are as follows:

(a) The distinction between the qualification for a barrister and for a solicitor is removed.

(b) Entrants to the legal profession will be required to hold the LL.B. degree of a New Zealand university and to complete a professional course consisting of six additional subjects which will be taught at and examined by the University.

(c) The Victoria University of Wellington LL.B. degree is now a seventeen unit degree comprising three units from the subjects prescribed for the degrees of Bachelor of Arts or Bachelor of Science (including at least one of English I, History I or Philosophy I) and fourteen *law* subjects as specified in the Course Regulations. Provision is made for a number of options, including the following subjects not previously taught at this University: Comparative Law, Criminology; Industrial Law, International Institutions, Legal History, and Planning Law.

NOTE: Teaching will not be offered in all of these new subjects in 1968.

The subjects for the professional course are:

- Conveyancing and Draftsmanship
- Legal Ethics and Advocacy
- Office Administration and Accounting
- Taxation and Estate Planning
- The Law of Civil Procedure
- The Law of Evidence

A student who has not included any of the subjects, Commercial Law and Personal Property, Company Law and the Law of Partnership, and Family Law, in his degree course is required to pass the subject or subjects concerned in his professional course. A candidate who passes Taxation and Estate Planning for LL.B. is required to include in his professional course an optional subject, chosen from Part III of the LL.B. Course Regulations, that he has not already passed for the LL.B. degree.

Position of Existing Students

Students enrolled before 1967 may continue their course under the pre-1967 regulations but must transfer to the new regulations if they have not completed their courses by the end of 1969. (For the pre-1967 regulations see 1966 Calendar).

LL.B. Honours

(a) Candidates for the LL.B. Honours course complete the same subjects as LL.B. candidates, except that they are required to replace one of the optional LL.B. subjects by a subject chosen from the LL.M. course. Honours candidates must also undertake a piece of legal writing and attend tutorials in all their subjects. They may be required to take an oral examination at the end of their course. Honours candidates are expected to attend the University for at least three years as full-time students.

(b) Students who enrolled in 1966 and who elect to transfer to the new course may be admitted to the Honours course in 1968 if they have completed Part I of the new LL.B. course and if their work during 1966 and 1967 has been of Honours standard.

(c) Students who enrolled for the first time in 1967 or in subsequent years may be admitted to the Honours course at the beginning of the third year of their course if they have

completed Part I of the LL.B. course and if their work during the first two years has been of Honours standard.

(d) Students who have completed their B.A. degree under the conjoint B.A.-LL.B. regulations (see regulation 25 of the course regulations for the B.A. degree) may, if their work has reached the required standard, be admitted to the Honours course.

(e) Students who are not admitted to the Honours course under the above provisions may be given the opportunity to join the Honours course if their performance in the LL.B. course in their third year has been particularly good.

Tutorial Programme

There are compulsory tutorials in the Legal System, the Law of Contract, the Law of Torts, Land Law and Criminal Law. Optional tutorials may be available to LL.B. candidates in other subjects. LL.B. Honours candidates are required to attend tutorials in all their subjects.

Text and Reference Books

Students should ensure that they obtain the latest editions of all textbooks needed for their subjects. Text and reference books for all subjects which will continue to be taught until the year 1969, but are not included in the new law course, will be announced in class.

Every student attending lectures at the Victoria University of Wellington shall be required to sign the following declaration and no student shall have his or her name placed on the University books until this declaration is signed:

"I promise that I will obey the statutes, regulations and rules of the Victoria University of Wellington."

RULES

1. The Professorial Board shall have full disciplinary powers over the conduct of all students within the University precincts (which term wherever used in these rules shall include all premises, grounds, or buildings owned, in the possession of, or controlled by the University) and at all ceremonies and meetings wherever held, conducted under the auspices of the University Council, the Professorial Board, the Students' Association, or any of the University Clubs or Societies, or in any cases when the Board considers that the interests of the University or of students are affected.

2. The Professorial Board shall have power to fine, suspend or expel any student guilty of misconduct.

3. "Misconduct" shall include any conduct which is or tends to be subversive of discipline or which tends to bring discredit on the University or students thereof and includes the breach of any regulation or by-law of the University, or of any rule made by any body or committee authorised by the Council or the Professorial Board to make such rule.

4. "Student" shall mean any person who is pursuing a course of study in the University and shall include any person enrolled as attending lectures controlled by the University or attending any examination so controlled.

5. Any Professor or Lecturer may reprimand, or exclude from his class for any period not exceeding three days, any student whom he considers guilty of misconduct in such class. The Professor or Lecturer shall at once send a written report to the Vice-Chancellor.

6. A Professor or Lecturer may report any case of misconduct to the Vice-Chancellor.

7. No alcoholic liquors shall be brought into or consumed in the University precincts, except as approved by the University Council on the recommendation of the Professorial Board, or as provided in any contract at any time entered into by the University Council.

8. Smoking shall not be allowed in class-rooms, other than class-rooms exempted from this rule by the Vice-Chancellor.

9. Cards shall not be played in the Common Rooms except during the lunch hours (noon to 2 p.m.) or after 5 p.m. and gambling is strictly forbidden in any of the University precincts.

10. Parking of motor vehicles in the University grounds shall be subject to such restrictions as the Vice-Chancellor may determine and motor-cycles with engines running shall not be allowed in the University grounds.

11. Drivers of vehicles are required to observe the directions of notice boards with regard to entry, exit and parking.

12. The Vice-Chancellor is authorised to exercise the disciplinary powers of the Board but he shall report all cases, together with the penalties imposed, to the Board at its next meeting.

13. Any person aggrieved by any action of the Vice-Chancellor may appeal to the Professorial Board and any person aggrieved by any action of the Professorial Board may appeal within fourteen (14) days to the Council, whose decision shall be final.

14. Any money payment imposed under the regulations shall be paid to the Registrar within fourteen (14) days and shall form part of the funds of the University.

DISCIPLINARY POWERS OF THE STUDENTS' ASSOCIATION

1. The Students' Association may discipline any student, club or society for conduct which is or which tends to be subversive of discipline, or which brings or tends to bring discredit on the University or the students thereof, or, in particular, which includes the breach of any rule of the Association or of its affiliated clubs or societies, or for failure to comply with any direction given by the Association.

2. The Students' Association's constitution provides with respect to discipline as follows:

Section 16, (1) (vi):

"The executive shall have power to and may for any reason deemed by it sufficient impose on any member a fine not exceeding five guineas together with the cost of any damage caused by such member (such fine to be a debt immediately payable by such member to the Association) and may impose such fine upon any such terms and conditions as it may deem fit and may declare that such fine shall be part of the subscription of such member for the then current financial year and such fine shall then form part of such subscription for all purposes."

Section 7, (3):

"Any member may be expelled from the Association by the vote of four-fifths of the Executive but in such case an opportunity must be given to the person charged to answer the accusation in writing, in person or by counsel; provided that a person so expelled shall have the power to appeal to a General Meeting of the Association in which case the vote of two-thirds of those present must be in favour of the decision of the executive before such expulsion shall be enforced."

3. Any act of indiscipline and the punishment therefor shall be reported to the Vice-Chancellor.

4. Any student or club or society disciplined by the

Students' Association may appeal to the Professorial Board against the action of the Association. Such appeal must be lodged with the Vice-Chancellor within one week of the date of the decision by the Association. The Professorial Board shall as soon as convenient consider the merits of any appeal so lodged and direct the Association accordingly. Until the Board has notified the Association of its decision on the appeal, any penalty imposed by the Association shall be in abeyance.

5. All clubs or societies desiring to function within the University and/or purport to be institutions of the University must apply to the Students' Association for affiliation, and may not function until such affiliation is granted. The Association must advise the Vice-Chancellor of all applications for affiliation and of its decision regarding each such application.

6. Any club or society which has been refused affiliation shall have the right of appeal to the Professorial Board.

7. Nothing in these rules shall be construed as abrogating any of the disciplinary powers possessed by the Professorial Board.

- (b) Members of the Teaching Staff;
- (c) Students who have paid the University fee for the current year;
- (d) Graduates of any University, and persons engaged in research work, and any other persons: provided that in every case permission shall have been granted by the Librarian.

BORROWING BOOKS

10. Members of the University Council and the Professors and Lecturers of the University may borrow any books provided

- (a) that books specified in Regulation 13 be retained by borrowers not longer than one week, and that no book be retained for more than two months;
- (b) that no periodicals be borrowed until they have been in the Reading Room for twenty-eight days, and that no periodical be retained for more than fourteen days.

11. Any other member of the Staff may borrow books except those books specified in Regulation 13, provided that not more than 5 books be in his possession at one time and that no book be retained for more than one month and that no periodical be retained for more than fourteen days.

12. Any other person privileged under Regulation 4 for reading purposes may on application to the Librarian borrow books provided that not more than two books be in his possession at one time and that no book be retained for more than fourteen days: provided that any student doing work at Stage III, or any Honours student, or student doing research work in any Department may

take out five books at one time; and that undergraduate readers may not borrow periodicals.

13. Save as provided in Regulation 10, encyclopaedias, dictionaries, law reports, books containing valuable engravings, books with loose plates or maps, periodicals which have been less than a fortnight in the Library, may not be borrowed from the Library. (The date from which periodicals may be borrowed is stamped on the cover.) Provided, always without prejudice to Regulation 10, that text-books prescribed for the current year, and books listed as specially in demand, may be withheld, lent, or recalled by the Librarian. A book so recalled must be returned within three days.

14. Except where the borrower satisfies the Librarian that circumstances have prevented him returning a book at the appropriate time, persons privileged under Regulation 4 (c) or (d) who fail to return a book at the due date shall, where the book is at the time of the loan reserved for week-end issue, pay a fine of twenty cents and five cents for each day that the book remains overdue, and where the book is not so reserved a fine of five cents for each day that the book remains overdue, provided that in either case the fine shall not exceed two dollars for any one book. If a fine is still unpaid 28 days after the date on which the book was due the offender shall thereupon be excluded from the Library and the matter shall be reported to the Professorial Board.

15. The borrower shall be liable for any loss of, or damage to a book whilst on issue to him, and will be required to pay the cost of replacement or repair together with an administrative charge of \$1 in case of loss; which cost or charge, however, the Librarian may waive in exceptional circumstances. Such loss or damage must be reported immediately to the circulation desk. The Librarian shall determine the amount, if any, to be paid.

16. No book belonging to the Library shall be privately lent by any borrower, except those specified in Regulation 10.

17. All books shall be returned on or before the first Monday in December in each year, and during the ten days immediately following, the Library shall be closed. Members of the staff who desire to retain books in their possession during this period may do so provided each book is inspected by a Library Assistant during the previous fourteen days. Members of the staff may borrow books during the stocktaking period by permission of the Librarian.

18. In these regulations, unless the context otherwise requires, 'Library' includes all reading rooms, periodical rooms, stack rooms, work rooms used primarily for the purposes of the University Library; and 'book' includes periodicals and publications of every description.

NOTE.—Reciprocal arrangements have been made with the Wellington Branch of the Royal Society of New Zealand, whereby students of this University can visit the library of that Society and consult books and periodicals, on production of a card from the University Librarian.

Books may be borrowed from other libraries in New Zealand.

As the number of applications is likely to exceed the accommodation available, early application for admission is advised.

For prospectus, apply to the Warden, Victoria House, 282 The Terrace, Wellington. Only bona fide University students are eligible to apply.

HELEN LOWRY HALL

This Residential Hall for women students was established under the auspices of the Student Christian Movement. It is situated in Karori on the direct bus route to the University and now provides accommodation for forty students.

Although it is the desire of the Student Christian Movement to provide a home with an S.C.M. background, no particular religious or denominational qualification is required from residents.

Application forms are available from the Warden, and should be returned to her at:

HELEN LOWRY HALL,
31 MESSINES ROAD,
WELLINGTON, W.3.

STUART WILLIAMSON HOUSE

This House is run by the St. Andrew's (Presbyterian) Hostels Trust Board. It is situated on The Terrace, close to both University and city, and has accommodation for

21 men students. It is open to students of any faith or denomination.

Application forms are available from the Warden, and should be returned to him by 30th September at:

FIELDEN TAYLOR HOSTEL,

WELLINGTON.

WEIR HOUSE

Weir House was established by a benefaction under the will of the late Mr William Weir.

The rate of board for any year is determined by the Council in November or December of the previous year.

In 1967 the rates were as follows: \$106 for the first term, \$144 for the second term, and \$118 for the third term, subject to a rebate of \$4 if paid within four weeks of the commencement of each term.

In 1967 students in residence prior to 1st March and after the 14th November, and during the two term vacations, paid board at the rate of \$11.55 per week.

There will be no reduction in board for law students who take their vacation at Easter, or for part-time students who take their annual leave during term time.

Residents, including "Freshers", not taking up residence on or before 7th February each year, are required to pay an entrance fee of \$15.

Each resident on entering the House must pay a deposit of \$20. This deposit is refundable at the end of the year, less any charge for damage or deficiency for which the resident is responsible.

Students wishing to apply for residence in 1969 should do so to the Registrar, Victoria University of Wellington, on the proper form not later than 31st October, 1968. Forms may be obtained on application to the Registrar.

REGULATIONS FOR SELECTION OF STUDENT RESIDENTS TO WEIR HOUSE

1. SELECTION: Selection shall be primarily determined by general ability and character, so that the House may be used to the best advantage of the Victoria University of Wellington and the community.

2. RESIDENCE FOR 2ND AND LATER YEARS: At the end of any year, the record of those in the House who wish to remain in residence the following year shall be closely scrutinised.

3. APPLICATIONS: All applications, whether from students already in the House or from those seeking entry to the House, shall be made annually by the 31st day of October.

For the regulations governing the award of Weir Bursaries and Fellowships see Part I of the Calendar.

4. SPECIAL CONSIDERATION: Special consideration shall be given to any student who, suffering serious handicap through physical disability, cannot find suitable private accommodation.

5. SELECTION COMMITTEE: The selection committee shall be the Warden, Professorial Board representative on the Weir House Council, and the Registrar.

WELFARE SERVICES

A number of Welfare Services are available, each being free of charge, to all students attending the University. The Welfare Officers are available during terms and vacations. The Welfare Officers work in close association with each other as there is an overlap between the services. Students who are uncertain of which Welfare Service to approach can seek advice from any of the Welfare Service staff and will be referred to the most appropriate service.

ACCOMMODATION SERVICE

The University runs an Accommodation Service for students. Lists of available accommodation are issued before the beginning of the academic year.

To obtain a copy of these lists apply to the Accommodation Officer, Student Union, Victoria University of Wellington, P.O. 196, Wellington. The lists are available at weekly intervals until the middle of March. Thereafter the Service is run on a personal basis, and the Accommodation Officer is available to discuss accommodation with students throughout the year. All types of accommodation are handled by the Service.

APPOINTMENTS BOARD

The Appointments Board provides advice and information on careers. The services of the Board are available to all students and graduates irrespective of the level at which they are studying. The main services of interest to individual students are:

1. Providing general advice and information on careers and discussing suitable courses for particular careers.
2. Maintaining a careers information library for general use.
3. Helping students to obtain part-time or vacation jobs especially those which will provide useful experience.

4. Arranging for interviews with employers, and supplying students with background information on the organisation concerned.

The Secretary of the Board is Mr A. T. Mitchell, and students wishing to use the services available are invited to register with him. Alternatively registration forms can be obtained from the Students' Association office. Students are strongly advised to register early in their final year.

Further information on the Board's activities and material relating to careers and vacation jobs is displayed on the notice board on the first floor in the Students' Union and on notice boards in other University buildings. Office: ground floor, 6 Kelburn Parade. Telephone: 44-447 or 46-046, extension 856.

COUNSELLING SERVICE

Victoria University of Wellington was the first university in New Zealand to provide full-time professional counselling services for students. The staff was aware that many students had personal problems that limited their ability to study and caused them a great deal of worry. Some of the problems were transitory, and others were long term. Some problems were emotional, and others social. Regardless of the duration or the type of the problem, it was found that students need not despair. Few people go through life without encountering some severe emotional problems, and the problems themselves can even help to promote personal growth.

If personal problems arise at the university, students should not hesitate, but ring the Student Counselling Service at any time to make an appointment. No person should be afraid or ashamed to ask for help if difficulties arise that are beyond his or her control. The training and experience of the Student Counselling Service is available

at all times to help students to deal with personal problems.

Telephone Student Counselling Service, 46-046 during the day, or 27-063 at night.

STUDENT HEALTH SERVICE

The Student Health Service was recently established at this University. Its aims are to offer students a readily available contact with a medical service and to promote the health of students while at University. The Service is staffed by a small group of doctors who are familiar with the special health problems to which students are susceptible.

The initial contact with the Health Service is by way of a medical examination which is available to all students. First year students should enrol for a full medical examination at the time of their enrolment with the University.

A general medical service is readily available to students in times of illness or injury. This general medical service is restricted to those students whose homes are outside Wellington who have no contact with a local medical practitioner. The Health Service has a close link with other medical services in Wellington, to provide students with consultative and any special diagnostic or therapeutic measures which might be required.

All enquiries should be directed to the Medical Director, Dr I. C. Fleming (telephone 46-046, extension 620). Application forms for enrolment with the Service are available at the Students' Association Office, and at the Health Service situated at No. 2 Wai-te-ata Road.

PHYSICAL WELFARE SERVICE

The Physical Welfare Service, Physical Welfare Officer Mr A. Laidler, aim to assist students of the University in many ways in the field of physical welfare:

- (a) by encouraging them to take positive and active interest in their own physical well-being;
- (b) by offering, through physical activity, an enjoyable and beneficial relief from concentrated sedentary study;
- (c) by organising and supervising a varied programme of physical pursuits in an attempt to satisfy a wide range of individual needs;
- (d) by managing and maintaining the University Gymnasium, its facilities and equipment;
- (e) by assisting clubs and individuals in planning training, remedial or recreational programmes;
- (f) by co-operating with the other Services in the interests of student health and welfare.

Although the talented sportsman and sportswoman are well catered for by the many sports clubs, the Gymnasium is intended to be used by all students. Especially welcome are those of average, or lower, sporting skill who see in physical activity something of recreational, social or therapeutic value.

If students are attracted to any of the following, and would like information, they should visit the Gymnasium or ring 70-319: Athletics, Badminton, Basketball, Bowls, Dance (modern, folk and ballroom), Fencing, Fitness Training, Gymnastics, Judo, Karate, Keep Fit, Remedial Exercise (after injury or prolonged inactivity), Roller skating, Ski training, Indoor and Outdoor Soccer, Table Tennis, Tennis, Trampolining, Volleyball, Weight Training.

All facilities and coaching are free and all equipment (including clean towels, shorts, shoes, etc.) may be borrowed or hired from the Physical Welfare Officers.
